3. Current Situation:

- Challenges:
 - People take spaces in open fields, no shelters, spread in different places.
 - The emergency response is hindered by rains, floods, damaged roads and the presence of too many 'disaster spectators' blocking access.
 - Piles of garbages not managed
 - Unsynchronised number of the displaceds and the damaged houses.
 - Sub-Cluster of LDP (psychosocial support service): Children begin to suffer cold due to rain and being in an open space
 - Sub-Cluster of LDR (elderly, disability, vulnerable group): 463 adults with disabilities in 15 sub-districts
- Needs:
 - Shelter Sub-Cluster: tents, mats and blankets.
 - Public Kitchen Sub-Cluster: 16 public kitchen set up serving 27.000 evacuees, still need 35.545 packs
 - Sub-Cluster of KBG (gender base violence): Pampers for infants and sanitary napkins for women
 - WASH Sub-Cluster: Clean water and temporary latrines
- Assistance:

- 14 Emergency Posts set up and serves information and relief assistance, Coordination and Service Post for Children and Women Protection set up
- 6000 joint personnel were deployed for the evacuation and search process
- All relief assistance are to register at the Command Post and stored at the BPBD
- Short course on child safeguarding given to volunteers

4. Response

- The Cianjur District stated to cover medical cost for all survivors.
- NDMA (BNPB) coordinates the emergency response.
- 193 Organisations are listed to assist emergency response.
- 2904 volunteers under NDMA coordination assist the process of evacuation and search, assessment, distribution, and other tasks.
